Equip buses with GPS and Security Cameras, including general and special needs buses.	•	•	•	•	•	•	•
Districtwide, purchase new buses annually as determined by long-range replacement program.							

The 2018 Bond charts reflect an ongoing evaluation process and will be updated on a regular basis

*The improvements are targeted for specific areas of the school in need of replacement. The areas of the parking lot, roof, etc. are identified through a preventative cycle that is based on the district's strategic, long-range facilities management program.

More information on the areas targeted for improvements is available through the school office.
