

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2009 – 2010 educational progress for Eisenhower High School. The AER demonstrates our progress toward implementing our district's vision of student achievement and meets all of the federal and state reporting guidelines for Michigan schools. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact the school principal for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.uticak12.org/schools/sc_eisenhower.asp or you may review a copy at your child's school.

For 2009 – 2010, Eisenhower High School made Adequate Yearly Progress (AYP) in English language arts and mathematics. Our school enjoyed a very successful year and we greatly appreciate the support from our school community. The reports below demonstrate our commitment to student achievement and the continuous improvement in our planning efforts.

School Improvement Plan

Eisenhower High School (EHS) demonstrated academic progress in 2009/10. The focus areas of our goals were Advanced Placement (AP), math, reading and writing. Juniors took a practice ACT from Princeton Review, received feedback and worked in class on tested standardized curriculum. We had 100% participation for the MME/ACT. EHS had the highest ACT/MME scores in Macomb County for the class of 2010. Graduates totaled 673 with 33 co-valedictorians. More than 98% plan to pursue college. Academic Scholars numbered 151 by maintaining a GPA of 3.67+. EHS received North Central Accreditation (NCA) for the next five years. EHS was the fourth leading public high school in Michigan scoring 99.2 out of 100 as reported by Michigan Department of Education. EHS was academically one of the top 1,500 public high schools of 27,000 placing in the top six percent of the nation. (*Newsweek*)

Three AP goals increased: EHS gave 5.76% more AP tests in May of 2010; we had 11.9% more students participate in the May testing program and 3.48% more seats will be filled by students taking AP classes in the fall of 2010. We will reintroduce AP Computer Science for 2010/11 due to increased student demand.

The Math goal was to increase students who were proficient on the MME/ACT. Last year, EHS ranked 2nd out of 214 high schools in the Tri-County area with a 6.5% growth on the mathematics test. Teachers increased MME/ACT questions, support materials, technology uses in classrooms; used common assessments and data director item analysis for shared classes to sequence material and to identify what learning/comprehending occurred. We will continue the at-risk lunch time tutoring program for sophomores, an Algebra 2 support/extended class and after school study sessions.

The goal to increase proficiency in reading brought about a Close & Critical Reading (CCR) initiative and Hands on Reading Skills within all curricular areas. Students practiced Guided Highlighted Reading followed by ten ACT multiple choice questions. They wrote a four sentence summary on the passage, used the CCR rubric as a baseline and by March were exposed to 12 practice rounds of CCR. Data was compiled and returned to students to see their progress in answering ACT questions.

The goal to increase proficiency in writing had students submitting essays through www.Turnitin.com, which provided feedback on the clarity, structure and grammatical correctness. A new 10th grade curriculum using the Holt textbook provided on-line essay practice and scoring. Students were given an immediate score comparable to ACT/MME and told why the essay earned its score. Many participated in writing contests. Departments collaborated for two hours monthly analyzing data, writing and aligning curriculum.

Student Enrollment

Students attend Eisenhower High School based on the attendance areas serviced by our school community. A number of Utica students in other attendance areas enroll in our school based on the district's open enrollment process and nonresident students may attend through the Schools of Choice program.

Specialized Programs

Utica Center for Math Science and Technology

The Utica Center for Mathematics, Science and Technology is designed to bring advanced students with special talents and interests together with leading-edge technology. The Center utilizes an advanced curriculum for grades 9-12 which serves to inspire, challenge, and prepare students to pursue careers in mathematics and science. The Center follows the Utica tradition of providing the finest instruction and innovation. Students are selected based on their academic record and performance on tests of aptitude and achievement.

Utica Academy for International Studies

This is a four-year high school academy designed to prepare students for completion of the International Baccalaureate (IB) Diploma Program. All students are expected to take part in artistic activities (*creativity*); sports or physical activity (*action*); and community or social service projects (*service*). This unique curriculum and the personal growth it requires of its students will provide them a mobility and adaptability that prepare students to successfully lead in the global workforce of the 21st century.

Utica Center for Science and Industry

The Center for Science and Industry is a half day shared time program that provides 9th through 12th grade students with a variety of cutting-edge Career and Technology Education taught in an integrated manner. Along with core math and English classes, students select from electives which

will support one of three career strands: 1) Engineering and Technology, 2) Mechatronics, or 3) Multi-Media Technology. The CSI is project based and provides students with a wide array of experiences with professionals from business and industrial partners.

Project CLIME (Critical Language Initiative in Mandarin Education)

Project CLIME is focused on developing a strategic initiative to promote a K-12 foreign language program within Utica Community Schools. The goal will be accomplished by establishing a grades K-6 partial immersion Mandarin program at Oakbrook Elementary School feeding into a 7-12 secondary target language program housed at Heritage Junior High School, Stevenson High School and the Utica Academy for International Studies.

Core Curriculum

All the schools in Utica Community Schools offer students a comprehensive and rigorous academic program that meets and exceeds all state and federal standards. Our schools follow the Michigan Grade Level Content Expectations (GLCE) and the Michigan High School Content Expectations (HSCE). These standards can be accessed on <http://www.macomb.k12.mi.us/utica/info/>. The district's vision document entitled Indicators of Excellence can be accessed at <http://www.uticak12.org> under the district information tab, the annual reports link.

District Assessments

Utica Community Schools not only looks at state assessments but we go above and beyond in monitoring the progress of our students. The following assessments are also given at each of the different levels to follow each student's academic progress.

Michigan Literacy Progress Profile (MLPP) is given in grades K-6 to assess students' progress in reading comprehension, phonics and fluency.

Dynamic Indicators of Basic Early Literacy Skills (DIBELS) is used in grades K-6 to monitor a student's reading growth on a more frequent basis. These assessments are quick snapshots of a child's improvement in literacy.

EXPLORE is a preliminary ACT assessment given to all ninth grade students in Utica Community Schools to help students prepare for high school coursework, higher education and ACT success.. It assesses students' skills in English, reading, mathematics and science.

Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)

The PSAT/NMSQT is a standardized test given to all 10th graders in Utica Community Schools. It measures a student's skills in the areas of critical reading, math problem-solving and writing skills. It also gives the student a chance as an 11th grader to take the test and possibly qualify for the National Merit Scholarship program.

Parent/Teacher Conference Attendance

Number 5698

High School Dual Enrollment

Percentage (less than 1%)

High School College Equivalent Courses Offered

The number of college equivalent courses offered in 2009 – 2010 was 24.

High School Students Enrolled in College Equivalent Courses

The number and percentage of students enrolled in college equivalent courses in 2009 – 2010

Number 468 Percentage 22%

College Credit Potential

The number and percentage of students receiving a score leading to college credit in 2009 – 2010

Number 311 Percentage 6%

We are pleased to provide this annual education report to our school community. The information that is contained in this report demonstrates our continued efforts to ensure every student achieves in our school. This report, however, only tells a small part of our success story. Every day our staff is continually finding new ways to enhance teaching and learning and engage our students in their education. We invite you to continue to be active participants in your child's education by volunteering in the classrooms, serving on our parent groups, and working closely at home with your students on their assignments.

Eisenhower High School is fortunate to be serviced by a community that cares so deeply about education. Thank you again for your continued support of our students and the Utica Community Schools.

Sincerely,

Gloria Bawol
Principal
