

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2009 – 2010 educational progress for Eppler Junior High School. The AER demonstrates our progress toward implementing our district's vision of student achievement and meets all of the federal and state reporting guidelines for Michigan schools. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact the school principal for assistance.

The AER is available for you to review electronically by visiting the following web site [http://www.uticak12.org/schools/sc\\_eppler.asp](http://www.uticak12.org/schools/sc_eppler.asp) or you may review a copy at your child's school.

For 2009 – 2010, Eppler Junior High School made Adequate Yearly Progress (AYP) in English language arts and mathematics. Our school enjoyed a very successful year and we greatly appreciate the support from our school community. The reports below demonstrate our commitment to student achievement and the continuous improvement in our planning efforts.

### **School Improvement Plan**

During the 2009–2010 school-year, Eppler Jr. High School had an extremely positive experience in each area of the curriculum. As the staff disaggregated all areas of the MEAP and EXPLORE assessment, we observed a need to continue focusing on pre- and post-assessments, and the utilization of strategies.

Implemented this year, all students in the core academic classes of English, Mathematics, Science, and Social Studies were pre-tested on their expected grade level content expectations and the high school content expectations. Utilizing our web-based data warehouse program, Data Director, a full analysis of the student results was completed by each teacher. These desegregated results guided the teachers to determine which areas of curriculum students struggled and excelled. Teachers then created a yearlong plan to focus lessons based on the desegregated data.

For vertical alignment and common support within each curricular department, strategies were developed. Collectively, each department created three strategies that will be used for all seventh, eighth and ninth grade students to support the findings of the pre-test assessments. Each strategy had the guidelines of having a purpose to support student learning, what motivated them to chose this strategy, responsibilities of the teacher, students, administration, and parents, and who is going to be accountable. Parent workshops, facilitated by teachers within each department, were conducted for parent support.

During post-test assessments teachers reported student feedback was very positive. After analyzing the areas of concern within the curriculum on the post-test, students achieved at high levels in every area. With the rise in MEAP scores in all areas in 2009, the expectation for the 2010 MEAP is for increase to occur again.

### **Student Enrollment**

Students attend Eppler Junior High School based on the attendance areas serviced by our school community. A number of Utica students in other attendance areas enroll in our school based on the district's open enrollment process and nonresident students may attend through the Schools of Choice program.

## Specialized Programs

### Utica Center for Math Science and Technology

The Utica Center for Mathematics, Science and Technology is designed to bring advanced students with special talents and interests together with leading-edge technology. The Center utilizes an advanced curriculum for grades 9-12 which serves to inspire, challenge, and prepare students to pursue careers in mathematics and science. The Center follows the Utica tradition of providing the finest instruction and innovation. Students are selected based on their academic record and performance on tests of aptitude and achievement.

### Utica Academy for International Studies

This is a four-year high school academy designed to prepare students for completion of the International Baccalaureate (IB) Diploma Program. All students are expected to take part in artistic activities (*creativity*); sports or physical activity (*action*); and community or social service projects (*service*). This unique curriculum and the personal growth it requires of its students will provide them a mobility and adaptability that prepare students to successfully lead in the global workforce of the 21<sup>st</sup> century.

### Utica Center for Science and Industry

The Center for Science and Industry is a half day shared time program that provides 9<sup>th</sup> through 12th grade students with a variety of cutting-edge Career and Technology Education taught in an integrated manner. Along with core math and English classes, students select from electives which will support one of three career strands: 1) Engineering and Technology, 2) Mechatronics, or 3) Multi-Media Technology. The CSI is project based and provides students with a wide array of experiences with professionals from business and industrial partners.

### Project CLIME (Critical Language Initiative in Mandarin Education)

Project CLIME is focused on developing a strategic initiative to promote a K-12 foreign language program within Utica Community Schools. The goal will be accomplished by establishing a grades K-6 partial immersion Mandarin program at Oakbrook Elementary School feeding into a 7-12 secondary target language program housed at Heritage Junior High School, Stevenson High School and the Utica Academy for International Studies.

## Core Curriculum

All the schools in Utica Community Schools offer students a comprehensive and rigorous academic program that meets and exceeds all state and federal standards. Our schools follow the Michigan Grade Level Content Expectations (GLCE) and the Michigan High School Content Expectations (HSCE). These standards can be accessed on <http://www.macomb.k12.mi.us/utica/info/>. The district's vision document entitled Indicators of Excellence can be accessed at: <http://www.uticak12.org> under the district information tab, the annual reports link.

## District Assessments

Utica Community Schools not only looks at state assessments but we go above and beyond in monitoring the progress of our students. The following assessments are also given at each of the different levels to follow each student's academic progress.

**Michigan Literacy Progress Profile (MLPP)** is given in grades K-6 to assess students' progress in reading comprehension, phonics and fluency.

**Dynamic Indicators of Basic Early Literacy Skills (DIBELS)** is used in grades K-6 to monitor a student's reading growth on a more frequent basis. These assessments are quick snapshots of a child's improvement in literacy.

**EXPLORE** is a preliminary ACT assessment given to all ninth grade students in Utica Community Schools to help students prepare for high school coursework, higher education and ACT success.. It assesses students' skills in English, reading, mathematics and science.

### **Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)**

The PSAT/NMSQT is a standardized test given to all 10<sup>th</sup> graders in Utica Community Schools. It measures a student's skills in the areas of critical reading, math problem-solving and writing skills. It also gives the student a chance as an 11<sup>th</sup> grader to take the test and possibly qualify for the National Merit Scholarship program.

### **Parent/Teacher Conference Attendance**

Number            2106

We are pleased to provide this annual education report to our school community. The information contained in this report demonstrates our continued efforts to ensure every student achieves in our school. This report, however, only tells a small part of our success story. Every day our staff is continually finding new ways to enhance teaching and learning and engage our students in their education. We invite you to continue to be active participants in your child's education by volunteering in the classrooms, serving on our parent groups, and working closely at home with your students on their assignments.

Eppler Junior High School is fortunate to be serviced by a community that cares so deeply about education. Thank you again for your continued support of our students and the Utica Community Schools.

Sincerely,

Brandon Manzella  
Principal
