

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2009 – 2010 educational progress for Wiley Elementary School. The AER demonstrates our progress toward implementing our district's vision of student achievement and meets all of the federal and state reporting guidelines for Michigan schools. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact the school principal for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.uticak12.org/schools/sc_wiley.asp or you may review a copy at your child's school.

For 2009 – 2010, Wiley Elementary School made Adequate Yearly Progress (AYP) in English language arts and mathematics. Our school enjoyed a very successful year and we greatly appreciate the support from our school community. The reports below demonstrate our commitment to student achievement and the continuous improvement in our planning efforts.

School Improvement Plan

Once again, Wiley staff, students and parents have reason to be proud of the academic successes enjoyed during the 2009 – 2010 school year. Students showed impressive growth in meeting the rigorous goals that staff set for student achievement, based on the UCS Indicators of Excellence school improvement plan and our school's Tier II goals in writing, reading, and mathematics.

Results from the Spring 2010 District Writing Benchmark showed an increase of at least 11% across all grade levels K-6. Professional Development for teachers centered on daily use of Writers Workshop and 6+1 Traits to improve writing instruction at all grade levels. Much progress was made in improving writing lessons and in scoring assessments using a collaborative model using anchor papers.

Reading scores ranged from 93% to 97% in grades 3-6 on the state MEAP assessments. Response to Intervention (RtI) programs were implemented for students in Kindergarten- 3rd grades. Teachers at all grade levels incorporated an additional 30 minute intervention block into their daily schedule for all at-risk students. All staff incorporated guided reading into their instruction to address the differentiated literacy needs of the students. Student progress was continually monitored throughout the year to ensure that the delivered instruction met the needs of all students.

Math scores ranged from 85% to 98% in grades 3, 4, 5 and 6 on the state MEAP assessments. In mathematics, teachers used pre-assessments before each unit to determine the instructional direction. To improve the learning of all students, teachers differentiated their math instruction through flexible math groups, assignments/projects, and varied forms of assessments. At-risk students received additional interventions from the classroom teacher, intervention specialist, and district math coaches.

Through the data team process, grade level teams worked throughout the year to analyze data and implement strategies that ensured success for all our students. Teachers received training in the Data Director software. The data team process and data support tools allowed teachers to closely monitor students' progress in reading, writing, and mathematics.

Student Enrollment

Students attend Wiley Elementary School based on the attendance areas serviced by our school community. A number of Utica students in other attendance areas enroll in our school based on the district's open enrollment process and nonresident students may attend through the Schools of Choice program.

Specialized Programs

Utica Center for Math Science and Technology

The Utica Center for Mathematics, Science and Technology is designed to bring advanced students with special talents and interests together with leading-edge technology. The Center utilizes an advanced curriculum for grades 9-12 which serves to inspire, challenge, and prepare students to pursue careers in mathematics and science. The Center follows the Utica tradition of providing the finest instruction and innovation. Students are selected based on their academic record and performance on tests of aptitude and achievement.

Utica Academy for International Studies

This is a four-year high school academy designed to prepare students for completion of the International Baccalaureate (IB) Diploma Program. All students are expected to take part in artistic activities (*creativity*); sports or physical activity (*action*); and community or social service projects (*service*). This unique curriculum and the personal growth it requires of its students will provide them a mobility and adaptability that prepare students to successfully lead in the global workforce of the 21st century.

Utica Center for Science and Industry

The Center for Science and Industry is a half day shared time program that provides 9th through 12th grade students with a variety of cutting-edge Career and Technology Education taught in an integrated manner. Along with core math and English classes, students select from electives which will support one of three career strands: 1) Engineering and Technology, 2) Mechatronics, or 3) Multi-Media Technology. The CSI is project based and provides students with a wide array of experiences with professionals from business and industrial partners.

Project CLIME (Critical Language Initiative in Mandarin Education)

Project CLIME is focused on developing a strategic initiative to promote a K-12 foreign language program within Utica Community Schools. The goal will be accomplished by establishing a grades K-6 partial immersion Mandarin program at Oakbrook Elementary School feeding into a 7-12 secondary target language program housed at Heritage Junior High School, Stevenson High School and the Utica Academy for International Studies.

Core Curriculum

All the schools in Utica Community Schools offer students a comprehensive and rigorous academic program that meets and exceeds all state and federal standards. Our schools follow the Michigan Grade Level Content Expectations (GLCE) and the Michigan High School Content Expectations (HSCE). These standards can be accessed on <http://www.macomb.k12.mi.us/utica/info/> . The district's vision document entitled Indicators of Excellence can be accessed at: <http://www.uticak12.org> under the district information tab, the annual reports link.

District Assessments

Utica Community Schools not only looks at state assessments but we go above and beyond in monitoring the progress of our students. The following assessments are also given at each of the different levels to follow each student's academic progress.

Michigan Literacy Progress Profile (MLPP) is given in grades K-6 to assess students' progress in reading comprehension, phonics and fluency.

Dynamic Indicators of Basic Early Literacy Skills (DIBELS) is used in grades K-6 to monitor a student's reading growth on a more frequent basis. These assessments are quick snapshots of a child's improvement in literacy.

EXPLORE is a preliminary ACT assessment given to all ninth grade students in Utica Community Schools to help students prepare for high school coursework, higher education and ACT success.. It assesses students' skills in English, reading, mathematics and science.

Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)

The PSAT/NMSQT is a standardized test given to all 10th graders in Utica Community Schools. It measures a student's skills in the areas of critical reading, math problem-solving and writing skills. It also gives the student a chance as an 11th grader to take the test and possibly qualify for the National Merit Scholarship program.

Parent/Teacher Conference Attendance

Percentage 97%

We are pleased to provide this annual education report to our school community. The information contained in this report demonstrates our continued efforts to ensure every student achieves in our school. This report, however, only tells a small part of our success story. Every day our staff is continually finding new ways to enhance teaching and learning and engage our students in their education. We invite you to continue to be active participants in your child's education by volunteering in the classrooms, serving on our parent groups, and working closely at home with your students on their assignments.

Wiley Elementary School is fortunate to be serviced by a community that cares so deeply about education. Thank you again for your continued support of our students and the Utica Community Schools.

Sincerely,

Christopher Cassin
Principal
