

Beck Centennial Elementary

June 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for Beck Centennial Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact the school principal for assistance.

The AER is available for you to review electronically by visiting the following web site www.utica12.org/schools/sc_beck.asp or you may review a copy at your child's school.

For 2010-2011, Beck Centennial Elementary made Adequate Yearly Progress (AYP) in English Language Arts and Mathematics. Our school enjoyed a very successful year and we greatly appreciate the support from our parents, staff, and community. The reports below demonstrate our commitment to student achievement and the continuous improvement in our planning efforts.

School Improvement Plan

Beck Elementary School's Tier II Indicators:

-  Increase the number of students who score at the proficient level or higher in mathematics as measured by the district end of the year assessment and the MEAP.
-  Increase the number of students who are proficient or higher on the MEAP Reading Assessment.
-  Increase the number of students who score at a Level 4, 5 or 6 on the district-wide 6 point rubric in writing.

Beck Centennial Elementary School's Tier III Indicators:

Beck Centennial Elementary School had a successful 2010-2011 school year. Students showed measurable growth in meeting the rigorous goals that staff set for student achievement, based on the UCS Indicators of Excellence School Improvement Plan and our school's Tier II goals.

Beck Centennial Elementary data teams utilized a variety of resources to analyze data, including DataDirector, MEAP summary reports, Golden Package, and district benchmark and classroom assessments. Teachers met on regular basis with the principal in grade-level data teams to analyze data and assist in planning classroom lessons and intervention strategies.

In alignment with our Tier II goals, research based strategies were incorporated into instruction to meet the academic needs of our students. Beck's Response To Intervention Program (RTI) provided additional literacy intervention for students in kindergarten, first and second grade were not proficient in grade level reading. 89% of kindergarten students, 53% of first grade students and 86% of second grade students who were part of the RTI Program met grade level benchmarks in June.

Teachers at all grade levels continue to use 6+1 Traits of Writing and Writer's Workshop to teach writing skills. Writing strategies to use with Guided Highlighted Reading and Informational Writing were also presented to the staff.

Teachers at all grade levels began to develop Guided Highlighted Reading lessons in order to improve comprehension and informational reading skills. Utica Community Schools Literacy Consultants modeled lessons for grade level teachers and developed lessons with grade level leaders in our cluster. Close and Critical Reading strategies were also introduced and reviewed with the staff. Under the direction of the UCS Literacy Consultant, community members volunteered to read daily with kindergarten and first grade students who were in the lowest quartile.

Second and third grade students participated in grade level differentiated math instruction. 100% of the students in third and fourth grade were proficient on the math MEAP. Beck's Instructional Support Model focused on math. Participation in the school Math Olympiad Program increased and four students were awarded a silver pin. Each grade level incorporated the use of writing and manipulatives into math lessons.

Professional Development focused on Close and Critical Reading, Guided Highlighted Reading, using math manipulatives in alignment with the Grade Level Content Expectations and informational writing. All staff participated in Data Director training to review school and classroom data.

The UCS Literacy Support Program was offered to 15 students in second and third grades. Other academic support programs offered included Homework Club, Student Newspaper, Art Academy, Young Authors and National Elementary Honor Society. The first Honor Assembly was held this year to recognize outstanding academics, attendance and citizenship.

The 2010-2011 MEAP scores and District Assessments indicate improvements in student achievement in the areas of reading, math and writing. The staff will continue to focus on our Tier II indicators during the 2011-2012 school year.

Points of Pride

- Beck Centennial Elementary is proud that this year we established a chapter of The National Elementary Honor Society.
- 77 students were inducted into the NEHS and have maintained the designated high academic and citizenship requirements.
- Students have also participated in four projects to help members of the community.
- Students in Lego Robotics were awarded a first place trophy for programming at the regional competition.
- The Math Olympiad Team was awarded 4 silver pins and achieved an award for team competition.
- Our Science Olympiad Team received recognition in the county competition.
- The Beck Centennial Social Studies Olympiad Team received gold, silver and bronze medals during the competition events.
- Students in fifth grade write, edit and produce a student newspaper.
- Sixth grade students participate in mini society as part of their social studies curriculum.
- Sixth grade students order supplies, inventory items and sell products at the school store.
- Student council is an active group at Beck Centennial. Each class is represented and the group plans events and activities for our school. Students have focused on making our school a "green" school.
- All students in third and fourth were proficient on the Math MEAP. MEAP scores improved at all grade levels.

Student Enrollment

Students attend Beck Centennial Elementary School based on the attendance areas serviced by our school community. A number of Utica students in other attendance areas enroll in our school based on the district's open enrollment process and non-resident students may attend through the Schools of Choice program.

Specialized Programs

Utica Center for Math, Science and Technology

The Utica Center for Mathematics, Science and Technology is designed to bring advanced students with special talents and interests together with leading-edge technology. The Center utilizes an advanced curriculum for grades 9-12 which serves to inspire, challenge, and prepare students to pursue careers in mathematics and science. The Center follows the Utica tradition of providing the finest instruction and innovation. Students are selected based on their academic record and performance on tests of aptitude and achievement.

Utica Academy for International Studies

This is a four-year high school academy designed to prepare students for completion of the International Baccalaureate (IB) Diploma Program. All students are expected to take part in artistic activities (*creativity*); sports or physical activity (*action*); and community or social service projects (*service*). This unique curriculum and the personal growth it requires of its students will provide them a mobility and adaptability that prepare students to successfully lead in the global workforce of the 21st century.

Utica Center for Science and Industry

The Center for Science and Industry is a half day shared time program that provides 9th through 12th grade students with a variety of cutting-edge Career and Technology Education taught in an integrated manner. Along with core math and English classes, students select from electives which will support one of three career strands: 1) Engineering and Technology, 2) Mechatronics, or 3) Multi-Media Technology. The CSI is project based and provides students with a wide array of experiences with professionals from business and industrial partners.

Project CLIME (Critical Language Initiative in Mandarin Education)

Project CLIME is focused on developing a strategic initiative to promote a K-12 foreign language program within Utica Community Schools. The goal will be accomplished by establishing a grades K-6 partial immersion Mandarin program at Oakbrook Elementary School feeding into a 7-12 secondary target language program housed at Heritage Junior High School, Stevenson High School and the Utica Academy for International Studies.

Core Curriculum

All the schools in Utica Community Schools offer students a comprehensive and rigorous academic program that meets and exceeds all state and federal standards. Our schools continue to follow the Michigan Grade Level Content Expectations (GLCE) and the Michigan High School Content Expectations (HSCE) and are aligning the expectations with the Common Core State Standards. These standards can be accessed on <http://www.macomb.k12.mi.us/utica/info/>. The district's vision document entitled Indicators of Excellence can be accessed at: <http://www.uticak12.org> under the district information tab, the annual reports link.

District Assessments

Utica Community Schools not only looks at state assessments but we go above and beyond in monitoring the progress of our students. The following assessments are also given at each of the different levels to follow each student's academic progress.

Michigan Literacy Progress Profile (MLPP) is given in grades K-6 to assess students' progress in reading comprehension, phonics and fluency.

Dynamic Indicators of Basic Early Literacy Skills (DIBELS) is used in grades K-6 to monitor a student's reading growth on a more frequent basis. These assessments are quick snapshots of a child's improvement in literacy.

EXPLORE is a preliminary ACT assessment given to all ninth grade students in Utica Community Schools to help students prepare for high school coursework, higher education and ACT success. It assesses students' skills in English, reading, mathematics and science.

Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)

The PSAT/NMSQT is a standardized test given to all 10th graders in Utica Community Schools. It measures a student's skills in the areas of critical reading, math problem-solving and writing skills. It also gives the student a chance as an 11th grader to take the test and possibly qualify for the National Merit Scholarship program.

Parent/Teacher Conference Attendance

Percentage 100 %

We are pleased to provide this annual education report to our school community. The information contained in this report demonstrates our continued efforts to ensure every student achieves in our school. This report, however, only tells a small part of our success story. Every day our staff is continually finding new ways to enhance teaching and learning and engage our students in their education. We invite you to continue to be active participants in your child's education by volunteering in the classrooms, serving on our parent groups, and working closely at home with your students on their assignments.

Beck Centennial Elementary is fortunate to be serviced by a community that cares so deeply about education. Thank you again for your continued support of our students and the Utica Community Schools.

Sincerely,
Mrs. Sally Klatt
Principal
