

Heritage Junior High School

June 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for Heritage Junior High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact the school principal for assistance.

The AER is available for you to review electronically by visiting the following web site http://www.uticak12.org/downloads/annual_reports/0910_AER_Heritage.pdf or you may review a copy at your child's school.

For 2010-2011, Heritage Junior High School made Adequate Yearly Progress (AYP) in English Language Arts and Mathematics. Our school enjoyed a very successful year and we greatly appreciate the support from our parents, staff, and community. The reports below demonstrate our commitment to student achievement and the continuous improvement in our planning efforts.

School Improvement Plan

Heritage Junior High School's Tier II Indicators:

-  Increase the percentage of Heritage students proficient in district and state math assessments.
-  Increase the percentage of Heritage students proficient in district and state reading assessments.
-  Increase the percentage of Heritage students proficient in district and state writing assessments.

Heritage Junior High School's Tier III Indicators:

Heritage Junior High School had a successful 2010-2011 school year. Students showed measurable growth in meeting the rigorous goals that staff set for student achievement, based on the UCS Indicators of Excellence School Improvement Plan and our school's Tier II goals.

Heritage Junior High School data teams utilized a variety of resources to analyze data, including DataDirector, MEAP summary reports, Golden Package, and district benchmark and classroom assessments. Teachers met on regular basis with the principal in grade-level data teams to analyze data and assist in planning classroom lessons and intervention strategies.

There were several areas of improvement in academic achievement for the students at Heritage Junior High School. The dedication of the staff in improving instruction in order to increase student achievement is paying dividends for all involved at Heritage.

The MEAP scores in 7th grade reading showed an increase in the percentage of students scoring proficient or better of 3%. Economically disadvantaged students in 7th grade reading scoring proficient or better showed an increase of

5%. Though the 8th grade proficiency percentage fell 1% compared to the 8th graders of 2009-2010, the percentage of 8th grade students scoring proficient compared to their 7th grade year increased 3%.

The mathematics MEAP scores showed a strong increase in the percentage of students scoring proficient or better. In 7th grade mathematics, there was a 3% growth in the number of students scoring proficient or better coupled with a 3% increase in the number of economically disadvantaged students scoring proficient. In 8th grade mathematics, the increase was 5% along with an increase of 4% in the number of students with disabilities scoring at the proficient level or better.

In 8th grade science there was a modest gain of 1% driven by a 2% gain by students with disabilities. The strongest showing in the MEAP scores was in the social studies department. Overall the 9th grade social studies students showed a 12% gain in the number of students scoring proficient or better. That increase was helped by a 5% increase in the number of females scoring at or above the proficient level.

Throughout the year, students had the opportunity to attend two different opportunities for tutoring. A Heritage staff member organized the Homework Club which met once a week. Also, two students from the Utica Academy for International Studies formed the Academic Assistance Program as part of their Creativity, Action, and Service Project. Students were able to get tutoring from students of the Academy one day a week. Both of these programs helped in having a successful year at Heritage.

Cluster IV has begun an initiative of Close and Critical Reading. This will help the students attack reading passages with another strategy tied very closely to the Reading Apprenticeship strategies used successfully at Heritage. These new strategies will help students in all academic areas.

For 2010-2011 school year Heritage Junior High School made Adequate Yearly Progress (AYP) in English Language Arts and Mathematics. Our school enjoyed a very successful year and we greatly appreciate the support from our school community. The reports below demonstrate our commitment to student achievement and the continuous improvement in our planning efforts.

Student Enrollment

Students attend Heritage Junior High School based on the attendance areas serviced by our school community. A number of Utica students in other attendance areas enroll in our school based on the district's open enrollment process and non-resident students may attend through the Schools of Choice program.

Specialized Programs

Utica Center for Math, Science and Technology

The Utica Center for Mathematics, Science and Technology is designed to bring advanced students with special talents and interests together with leading-edge technology. The Center utilizes an advanced curriculum for grades 9-12 which serves to inspire, challenge, and prepare students to pursue careers in mathematics and science. The Center follows the Utica tradition of providing the finest instruction and innovation. Students are selected based on their academic record and performance on tests of aptitude and achievement.

Utica Academy for International Studies

This is a four-year high school academy designed to prepare students for completion of the International Baccalaureate (IB) Diploma Program. All students are expected to take part in artistic activities (*creativity*); sports or physical activity (*action*); and community or social service projects (*service*). This unique curriculum and the personal growth it requires of its students will provide them a mobility and adaptability that prepare students to successfully lead in the global workforce of the 21st century.

Utica Center for Science and Industry

The Center for Science and Industry is a half day shared time program that provides 9th through 12th grade students with a variety of cutting-edge Career and Technology Education taught in an integrated manner. Along with core math and English classes, students select from electives which will support one of three career strands: 1) Engineering and Technology, 2) Mechatronics, or 3) Multi-Media Technology. The CSI is project based and provides students with a wide array of experiences with professionals from business and industrial partners.

Project CLIME (Critical Language Initiative in Mandarin Education)

Project CLIME is focused on developing a strategic initiative to promote a K-12 foreign language program within Utica Community Schools. The goal will be accomplished by establishing a grades K-6 partial immersion Mandarin program at Oakbrook Elementary School feeding into a 7-12 secondary target language program housed at Heritage Junior High School, Stevenson High School and the Utica Academy for International Studies.

Core Curriculum

All the schools in Utica Community Schools offer students a comprehensive and rigorous academic program that meets and exceeds all state and federal standards. Our schools continue to follow the Michigan Grade Level Content Expectations (GLCE) and the Michigan High School Content Expectations (HSCE) and are aligning the expectations with the Common Core State Standards. These standards can be accessed on <http://www.macomb.k12.mi.us/utica/info/>. The district's vision document entitled Indicators of Excellence can be accessed at: <http://www.uticak12.org> under the district information tab, the annual reports link.

District Assessments

Utica Community Schools not only looks at state assessments but we go above and beyond in monitoring the progress of our students. The following assessments are also given at each of the different levels to follow each student's academic progress.

Michigan Literacy Progress Profile (MLPP) is given in grades K-6 to assess students' progress in reading comprehension, phonics and fluency.

Dynamic Indicators of Basic Early Literacy Skills (DIBELS) is used in grades K-6 to monitor a student's reading growth on a more frequent basis. These assessments are quick snapshots of a child's improvement in literacy.

EXPLORE is a preliminary ACT assessment given to all ninth grade students in Utica Community Schools to help students prepare for high school coursework, higher education and ACT success. It assesses students' skills in English, reading, mathematics and science.

Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)

The PSAT/NMSQT is a standardized test given to all 10th graders in Utica Community Schools. It measures a student's skills in the areas of critical reading, math problem-solving and writing skills. It also gives the student a chance as an 11th grader to take the test and possibly qualify for the National Merit Scholarship program.

Parent/Teacher Conference Attendance

Percentage 63%

We are pleased to provide this annual education report to our school community. The information contained in this report demonstrates our continued efforts to ensure every student achieves in our school. This report, however, only tells a small part of our success story. Every day our staff is continually finding new ways to enhance teaching and learning and engage our students in their education. We invite you to continue to be active participants in your

child's education by volunteering in the classrooms, serving on our parent groups, and working closely at home with your students on their assignments.

Heritage Junior High School is fortunate to be serviced by a community that cares so deeply about education. Thank you again for your continued support of our students and the Utica Community Schools.

Sincerely,

Scott Waak
Principal
