

Schwarzkoff Bond Updates

SCHWARZKOFF ELEMENTARY PLAYGROUND

SUMMER 2024

- Add corridor walls and doors in open-concept areas.
- Create additional layers of security, including replacement of door hardware and doors as needed.
- Install new playground equipment.
- Replace playground soft surface areas.

It is going to be a busy summer at Schwarzkoff Elementary!

Thanks to the support of the UCS community, our building will undergo a series of improvements funded by the 2023 safety and success bond issue.

One of the more significant projects will be the addition of doors and walls to areas of our building where classrooms are not currently closed. This was a significant safety need identified as a priority by our community.

In addition, we are excited to introduce new playground equipment to ignite our children's imagination! It is focused on providing different ways to get our students moving, working together as they exercise to make physical activity fun!

The playground work is already under way. The remaining projects will begin as soon as the 2023-24 school ends.

Thank you to our voters for making these improvements possible for our Cougars. For more information and photo updates, visit: www.uticak12.org/schwarzkoffbond
