

The background is a dark purple field with various geometric patterns. On the left, there are several sets of parallel lines that create a sense of depth and movement. In the center, there are more complex, overlapping geometric shapes. In the top right corner, there is a small, solid pink rectangular tab, similar to a binder tab.

Career Interest Profiler

[START ASSESSMENT](#)

The **Career Interest Profiler** captures your interests to help identify your personality traits and suggests careers based on the U.S. Department of Labor's data.

How it Works

Plan to spend at least 15 minutes on this assessment.

You'll answer 60 questions about your interests.

The **Career Interest Profiler** then maps your results to Holland's 6

Naviance then shows you careers that map to your traits and

Read the directions and click on Start Assessment when you are ready!

Career Interest Profiler Results

► When you are finished with all the questions, you will receive Holland Trait results. They will be listed in the best match order. The score shows how well you matched.

► Clicking on **View Careers** will show you your best match careers.

Complete Results

Conventional

SCORE: 28

Likes to work with numbers, records, or machines in a set, orderly way. Generally avoids ambiguous, unstructured activities. Is good at working with written records and numbers in a systematic, orderly way. Values success in business and sees self as orderly, and good at following a set plan.

Persons having a Conventional personality type "dominate" this environment. There are more of them than there are people of other personality types. For example, in an office of a bank or real estate company there will be more persons having a "Conventional" personality than there will be people who have a Artistic type.

"Conventional" people create an "Conventional" environment. For example, they particularly value people who are orderly, and good at following a set plan -- good at working with written records and numbers in a systematic, orderly way.
