Attendance Area Update

Utica Community Schools is continuing to address long-standing issues with school attendance areas. The review is in conjunction with facility improvements across the district.

When reviewing attendance area configurations, safety, the age of the facility and enrollment trends are being considered.

Currently, the district's Enrollment Distribution Advisory Committee (a standing citizens group with representatives from each school that reviews attendance areas) is assessing patterns for schools that feed into Stevenson High School and continuing its review of Henry Ford II High School feeder schools. Also, portions of the Monfort and Flickinger attendance areas are under review based on how they are embedded or in close proximity to the attendance boundaries of Dresden, Harvey and Ebeling elementary schools.

The attendance areas under review are on the second page of this fact sheet. Changes to these attendance areas would be effective for fall of 2028-2029 in conjunction with facility improvements.

More Information:

www.uticak12.org/buildingforthefuture

Overview

- Through the implementation of facility improvements, UCS is addressing complexities in attendance areas that were largely developed 50 years ago.
- Current attendance areas feature some neighborhood subdivisions geographically disconnected from neighboring communities and boundaries that do not take advantage of major landmarks and roadways.
- The facility review process includes a long-range facility improvement plan and consolidation of buildings.
- By improving select elementary schools and consolidating school attendance areas, UCS would create greater access for students to updated facilities that support growth and achievement.
- Schools are being evaluated based on three criteria: overall safety, age of the facility and enrollment trends for the school.
- Attendance areas currently under review include feeder schools to Stevenson High School and Henry Ford II High School. Consolidation may also impact students assigned to nearby areas that feed into Utica High, such as Monfort and Flickinger Elementary.
- Input is being received from the Enrollment Distribution Advisory Committee (EDAC), comprised of community representatives from each school.

*Reflects changes northeast of the Clinton River approved for fall of 2027

FREQUENTLY ASKED QUESTIONS

What are the guidelines for ad content?
Our school reserves the right to edit ads per our school guidelines. Ensure all submitted materials are appropriate for school publication. Jostens retains the right to remove any explicit text, graphic photos or copyright-protected imagery or photos. You can not use photos with studio water marks.

Can I create my student's ad on my mobile device?
Yes, yearbook ads can be created online from both desktop and mobile devices.

How are the ad prices determined and what is the money used for?
Recognition ad prices are determined by our school based on the cost per page. Revenue from recognition ads helps the school create a better, more affordable yearbook.

How is the ad deadline determined?
The national ad deadline is set by Jostens to ensure all ads are placed and shared with the yearbook staff in time for deadline. Eisenhower uses the last possible date, and as a result 02/12/2026 are able to be accepted. Unfortunately, there are no exceptions.
