

Utica Community Schools
Plumbrook Elementary
Title I Parent Involvement Plan
2023-2024

Plumbrook Elementary School believes that parent involvement is critical to the success of each student. Strong partnerships exist between staff, parents, and community members. Our Parent Teacher Organization (PTO) exists to support and extend classroom learning.

Plumbrook Elementary encourages parental involvement through programs designed to increase parent-school communications. Parents will be involved in evaluating Title I programs and services. Another important component is the Home/School Compact. This compact is given to parents at our conferences. The compact is an agreement that the parent, the teacher, and the student provide a partnership for learning between school and home. Title I meetings that include parents are planned throughout the year. Parents are always welcome to help in the classroom and to offer suggestions regarding activities to enrich the education of our students.

Plumbrook Elementary School has developed a parent involvement plan which is based on the Utica Community Schools' Parent Involvement Rules and Regulations Policy #5510 mandated by the No Child Left Behind Act of 2001.

I. The involvement of parents and community members is an essential component within the educational process. We will make every effort to invite and consider parent and community input to ensure the success of our students.
