FINAL DATE TO ENROLL: FRIDAY, SEPTEMBER 6, 2024

Student Device Responsibility & Optional Insurance - For all Assigned 1:1 UCS Students

Utica Community Schools is proud to deliver 1:1 technology to our students. Depending upon the grade level, your child has been issued either an iPad or a Dell laptop including charging cords and any applicable accessories. Your child is responsible for the device at all times.

Additionally, a separate Technology Device Use Agreement that includes an electronic sign-off must be provided to the district prior to device distribution. This agreement includes the procedures for [Board Policy 6600 - Acceptable Use of the District Technology Resources](#), acknowledgement that the Student Device Agreement has been discussed with your child, and you have read [Board Policy 5160 – Information & Communication Technology](#). The Technology Device Use Agreement can be found by logging in to your PowerSchool parent account using a web-browser (found at this [link](#)), selecting “Forms” from the Navigation menu, and then selecting “Required to Complete Each Year” from the list. Please note that the PowerSchool app does not contain a link to district forms. Forms are only accessible through a web-browser.

Damage Fees

In the event of damage to an iPad or laptop, district policies and practices require a charge be assessed to cover the repair or replacement cost of the device. The fees described below are based on use of a UCS-provided device and any damage to it, whether accidental or intentional, after it has been issued to the student.

Device Insurance Plan for Accidental Damage – Annual OPTIONAL COVERAGE

An annual insurance plan has been designed to help families if there is an accident that causes damage to the school issued device. ***When participating in the district’s insurance plan for \$20.00 per year, any accidental damage reported will be covered as described below.***

Insurance coverage will repair/replace the device for accidental damage with no cost incurred by the student for the first incident (claim). Subsequent damage repairs during the covered year will have a deductible assessed per instance. **Insurance will cover a maximum of 3 damage occurrences during the covered year.** The deductible fee schedule for each damage occurrence is outlined below. Please note, if insurance is not purchased, actual repair costs (not to exceed the cost of the device) will apply.
