

Say hello to Xello!

Xello is an engaging online program that helps students build the skills, knowledge, and plans to be future-ready. The program uses an investigative, discovery-based learning process. Students better understand themselves, their future career options, and the 21st-century skills they'll need to succeed.

Here's how it works...

The Student Experience with Xello

With Xello, your child will:

Build Self-knowledge

Define their interests, skills, preferences, and aspirations so they can explore the opportunities right for them.

Explore Options

Learn about career possibilities and educational pathways by exploring rich, engaging content and lessons.

Create a Plan

Your child can create dynamic, actionable plans that outline the steps needed to achieve school, career, and life goals.

Learn & Reassess

Interactive lessons help your child develop age-appropriate skills and knowledge for success in school and beyond.

Xello Family

Xello Family lets you explore and discover your child's future goals and plans so you can better support their learning and development.

1 Access Your Account

You will receive a **Welcome to Xello!** activation email to the address we have on file. Once you click **Activate Account** through the email, you will be redirected to Xello and asked to create a password.

2 Explore Xello Family

On the welcome screen, you will see all children linked to your account. Clicking a child's name will bring you to their profile.

3 Discover Your Child's Interests and Goals

In your child's profile, you will be able to see all the work they've done in Xello. If there's no information in a certain section, your child has not yet started or completed the activity. You can explore each section to learn new information about your child.

4 Stay Connected

Use family messaging to engage in your child's learning journey. Exchange personalized messages with educators and stay informed on your child's progress.

Accessibility

Family can be explored in over 130 languages, using Xello's AI translation feature. This allows you to access the content in your preferred language.

Safe and secure environment

We take data protection and privacy very seriously. So does Xello. The program complies with legal requirements for safety and security outlined in the Family Educational Rights and Privacy Act (FERPA). That means advertising is not displayed within Xello, nor is data used for commercial purposes. Xello is also a signatory of the Student Privacy Pledge, requiring them to uphold strict standards for safeguarding student privacy regarding the collection, maintenance, and use of student personal information.

The screenshot shows the Xello Family platform interface. At the top, there is a navigation bar with 'xello FAMILY' on the left, 'Kate' and 'Jack' in the center, and a green 'SP' icon on the right. Below the navigation bar, there is a banner featuring a portrait of a student and the text 'Kate Grade 8 - Texas Xello Demo School'. The main content area is titled 'About Kate' and includes three sections: 'Personality Style', 'Learning Style', and 'Lesson progress'. The 'Personality Style' section lists 'Organizer / Conventional', 'Persuader / Enterprising', and 'Helper / Social'. The 'Learning Style' section shows 'Visual Learner' with three icons: an eye, a hand, and a ear. The 'Lesson progress' section shows a circular progress bar at 14% completion. At the bottom of the page, there is an 'Overview' section with icons for 'Education goals', 'More Training', and 'Favourite career clusters' (Health Science, Law & Public Service, Education & Training). It also displays birthplace (Chicago, United States) and living location (Dallas, United States).

You can learn more about Xello and the student experience by visiting www.xello.world

We hope you're just as excited as we are about this new program and making every student future ready.
