EXPLORING LIFE SKILLS - K118

8

0.5 credit

Life Skills promotes a positive self-esteem to guide students toward effective living. Students will explore career pathways, goal setting, success skills and develop a presentation to be shared in a tradeshow format. This course includes academic links and study skills. Student success is enhanced through the use of hands-on projects and cooperative learning experiences.

LIFE SKILLS 9 (VPAA) – V285

9

1.0 credit

The Life Skills department recognizes the importance of promoting the growth of the total individual: physical, intellectual, emotional and social. It provides instruction that will enable students to improve the quality and stability of their lives in an ever-changing society. Life Skills, a career and technical education course, explores a variety of areas such as nutrition and foods, and parenting and child development.
